

# After While Crocodile Fun Bounce

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

## Product Description

Sometimes activities are more fun to do together which is why the After While Crocodile Fun Bounce comes with two seats. Children can hop onto the springy reptile and bounce away. The two springs underneath it are meant to handle the happy springing of children as they rock away. Each foot is lengthened to allow each child a wide place to rest their feet and generate more bounce. As they bounce, children will be forced to engage their core. The more they move the After While Crocodile, the more they work their core muscles. The two central grips are a full circle providing a variety of heights for the rider to grab onto giving them more security. The best part of this happy reptilian friend, is his kind eyes and non-threatening shape. He welcomes children to enjoy a bit of exercise with their friends.

## Product Specifications

**Model Number:** PFB007

**Age Range:** 2-5 years

**Child Capacity:** 2

**Fall Height:** 26"

**Product Type:** Spring Rides

**Safety Zone:** 12' 10" x 17' 2"
